

LAUREN "FITZY" FITZGERALD

October 31, 1984 - July 18, 2005

Lauren Fitzgerald grew up in Berks County, PA, attended Wyomissing Schools and began studying interior design at Drexel University. In May, 2004, Lauren was diagnosed with a primary brain tumor. She underwent 2 surgeries, chemotherapy and other treatments before passing away at age 20.

Throughout her fight, Lauren maintained her love of life and her dignity. She chose to live by a favorite quote from poet Maya Angelou, "I can be changed by what happens to me. I refuse to be reduced by it".

Five people received the gift of life because Lauren chose to donate her organs - her heart, lungs, liver and kidneys were used to serve those in need. Her legacy, love and generosity will live forever.

In memory of Lauren, a Foundation was created to preserve her legacy and desire to help others in need. We accomplish this by using funds raised from this event to support our scholarship, family assistance, children's recreation, organ donation awareness and brain tumor research programs.

Lauren's Foundation is an IRS-approved 501(c)(3) nonprofit organization that develops, manages and distributes funds for charitable purposes in the community and is registered with the Pennsylvania Bureau of Charities.
